PROFESSIONAL EXPERIENCE

Software Engineer — Full Stack Developer

Jul 2023 – Dec 2023

Enprat Learning School

Developed digital platforms and management systems supporting educational programs, administrative functions, and student management processes.

Software Engineer — Full Stack Developer

Jul 2023 – Dec 2023

Enprat Philippines Holdings

Worked on enterprise platforms supporting business operations and internal system management. Responsible for system architecture design, application development, and deployment processes.

Software Engineer — Full Stack Developer

Jun 2022 – 2023

Bio Blooms Manufacturing Company

Developed enterprise-level systems to streamline manufacturing operations and data management. Designed scalable web applications that improved internal workflow automation.

Software Engineer — Full Stack Developer

Oct 2021 – 2022

Payshare Pharmaceutical Trading International Inc.

Built full-stack enterprise applications supporting business operations, inventory systems, and internal management tools, working across both frontend interfaces and backend services.

Software Engineer — Back End Developer

Oct 2020 – 2021

AltPayNet — Digital Payment Solutions

Developed backend services and secure APIs supporting digital payment processing platforms. Implemented scalable systems and integrated secure authentication and financial transaction workflows.

Software Engineer — Front End & Back End Developer

Jan 2019 – 2020

St. Paul Technological Institute of Cavite

Designed and developed institutional web applications supporting administrative and academic processes, working across the full software development lifecycle.

Software Engineer — Web Application & API Developer

Jan 2019 – 2020

VNR Construction

Developed and maintained web-based systems and APIs supporting internal business operations, including back-end development, database integration, and system optimization.

Web Designer

Exoskill Creatives

Created and developed websites that were both visually engaging and user-friendly, customized to each client's needs — blending creativity with functionality while staying true to brand identity.

Freelance

Graphic Designer, Social Media Manager & Video Editor

Next Generation Church (Jesus Culture)

Produced engaging worship and community content uniting believers worldwide, creating opportunities for worship, fellowship, and authentic connection across diverse audiences.

—

Graphic Designer & Video Editor

Rovawork Philippines

Collaborated with a creative team to produce engaging video content for corporate clients and marketing initiatives, transforming raw footage into polished visual narratives aligned with client branding.

—

Graphic Designer & Video Editor

Multiple Clients

Partnered with content creators, small businesses, marketing agencies, and independent filmmakers to produce visually captivating, emotionally resonant videos aligned with each client's objectives.

Freelance
